

# Drive shafts

# Drive shafts

## Sectors

Commercial vehicles, off-road vehicles, construction equipment and agricultural machinery

## Applications

Power train

## Weight-size

From 2 to 40 kg

## Plus

- Extrusion/upsetting
- Net shape
- High automation

## Description

Know-how developed in the extrusion technology has allowed Casartelli Antonio to evolve this process in favour of bigger products, achieving also the weight reduction required by manufacturers.

The expertise in the upsetting technology allows us to produce even more complex forms, integrating, in a single forging product instead of multiple pieces assembled.
