

Spindles housing

Spindles housing

Sectors

Commercial vehicles and off-road vehicles

Applications

Drive axles, trailer axles

Weight-size

Up to 50 kg and 600 mm in length

Plus

- Safety component (SRC), zero defects
- Direct quenching
- Drilling by hot forging
- Specialized and robotic production lines

Description

The production of different types of product (with or without flange) allows Casartelli Antonio to cover the full range required by its main manufacturers. The entire flow (heat treatment, mechanical processing) allows us to provide finished product, ready for assembly lines needs.

Critical elements of the product (SRC) is guaranteed by the ability and quality of the entire production line, but also by 100% non-destructive tests on highly automated lines.
