Commercial vehicles, off-road vehicles, agricultural machinery and construction equipment

Applications

Steering axles, power train

Weight-size

From 0.5 to 40 kg - over 1,800 mm in length

Plus

- Full service of all components
- Controlled cooling systems
- Long products

Description

Casartelli Antonio is a leading manufacturer of 'long' axle drive shafts, providing lengths over 1,800 mm, heat treated and straightened according to customer needs.

The production technology developed and refined in more than thirty years of experience allows us to create more complicated shapes, tighter tolerances and less overstock.
